Robert Messinger is Executive Vice President of Sales & Operations, and co-founding partner-owner of Vector Resources, Inc.

Vector Resources designs, implements and maintains integrated voice, video and data networks for Fortune 500 companies, global shipping and logistics companies, large urban school districts, major research hospitals, and all variety of small and medium-sized businesses.

Founded in 1988, Vector is today one of the fastest-growing systems integration firms in the Southwestern United States - and beyond.

Mr. Messinger leads the company's Sales and Operations teams. He is a project-oriented operations management professional with a record of success directing broad areas of sales, general management, and business operations within Vector's fast-paced, high-technology environment.

He is effective in utilizing resources, improving processes, increasing quality and reducing costs, and maintains a well-honed ability to evaluate operational needs and implement strategies with profitable results.

Mr. Messinger's day-to-day responsibilities at Vector Resources include but are not limited to:

- Major proposal review and approval
- Strategic contract negotiations
- Client relationship building
- Project management, work flow and strategic operations
- Purchasing strategy
- Project budget control
- Facilities operations
- Financial reporting

Mr. Messinger holds a Bachelor of Science degree in Management Information Systems and a second Bachelor of Science degree in Marketing from the University of South Florida.

Vector Resources, Inc. is based in Torrance, CA, with offices in San Diego and Rancho Cucamonga, CA; Phoenix, Arizona and Washington, D.C.. The company employs more than 400 people, including swift-moving teams of system integration experts and technicians.
